## **150 SUCCESSFUL YEARS, INSPIRED BY YOU**

Salutation by Mr. Nickolay Alexiev, CEO of Dunav Press JSC, on the event of the 150th anniversary of the company

Dear Ladies and Gentlemen,  
Dear Partners and Friends,

Today Dunav Press celebrates 150 years. What a significant anniversary!  
Not many companies may praise with this serious responsibility...

I would like to start by thanking all of you that you have and you are together with us today. And I'm sure that for most of you this will not be a special surprise because I have also said it other times. Both during your visits to us and when we were together on other occasions.

Thank you for your trust. To work with you and for you is our pleasure and honor, and gives us more strength to continue together, to provide you our best services, as one of the best printing companies in Bulgaria and Europe. I am grateful to the shareholders and senior management of the company for their vision, care and support to move forward.

I am grateful for your patience and understanding. In many cases they were much more valuable to us than the most precious gifts of the earth. And will continue to be so.

Let me go back to the far 1864, when in the city of Ruse was founded the first printing house in Bulgaria. Passed through all these 150 years, our company had as periods of success, as well as periods of disappointment, periods of glory, and also periods of difficulties. But the most important thing is that we have always developed in a way that is supposed to do in the specific situation, constantly striving to stay good people. And I think and believe that we have achieved our goal.

Here is the place to thank the European Regional Development Fund and the Managing Authority of the Operational Programme "Development of the Competitiveness of the Bulgarian Economy, years 2007 - 2013", giving us the opportunity for funding.

And last but not least, and perhaps the most important, I would like to express my special thanks to the team of Dunav Press, to all current and former employees of the company and their families, which every day have fought so that we are here today. And I am sure that without you we would not have been what we are now. And we must move forward with our head held high and with even greater responsibilities.

In conclusion I would like to add that I not just believe or hope, but I am confident that our company will grow in the future, too. In the way that it has done so far. So, at least three times 150 years more.

**Happy 150th anniversary, Dunav Press!**
